RECENT NEWS

Revelstoke Capital Partners, a leading private equity firm focused on investing in healthcare services companies, announced that it has completed fundraising for Revelstoke Single Asset Fund II, L.P. RSAF II, with \$111 million of commitments, was oversubscribed.

The Fund acquired a minority equity interest in Fast Pace Health, with which Revelstoke has long had a successful partnership.

Fast Pace Health announced in July 2022 that it has partnered with First Care Clinics (“First Care”) to expand its clinical footprint and increase access to care for underserved rural populations.

Simon Bachleda, Co-Founder and Managing Partner of Revelstoke, said, “We are very excited to extend our partnership with Greg Steil and the Fast Pace Health team, and we look forward to the company’s growth by broadening its strategy to increase market presence and service offerings to comprehensively serve America’s most vulnerable population.”

Since Revelstoke’s initial investment in Fast Pace in August of 2016, Fast Pace has grown its clinical footprint from 35 clinics in two states to over 200 clinics, increasing access to healthcare for millions of vulnerable rural Americans.
